Why would I want to use this refreshing healthy drink?

- Ⓞ Natural source of prolonged energy*
- Ⓞ Supports healthy cognitive function, mental clarity and brain health*
- Ⓞ Rich in vital nutrients and antioxidants to maintain cell integrity*
- Ⓞ Contributes to an energy-yielding metabolism*
- Ⓞ Promotes a relaxed feeling*
- Ⓞ Low glycemic
- Ⓞ Contains fiber to satiate hunger*
- Ⓞ Replenishes electrolytes*
- Ⓞ Listed in the PDR (Physician's Desk Reference)

**These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.*

Which one should I choose?

MATCHA ENERGY

- ✓ Contains more naturally occurring caffeine for greater physical energy and metabolic boost
- ✓ Delicious pomegranate-berry flavor

MATCHA FOCUS

- ✓ Contains more citicoline for greater mental focus
- ✓ Less naturally occurring caffeine
- ✓ Invigorating green apple flavor

HOW DO I USE IT?

Mix one sachet of Matcha with 8-24 ounces of water

Shake or stir vigorously until dissolved

Serve with ice if desired

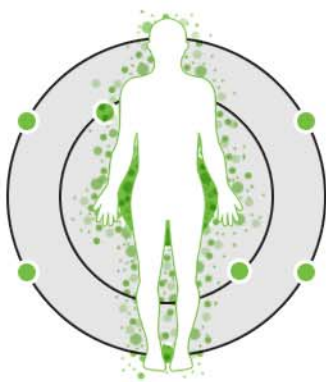

How does it work?

Ceremonial-grade Chi-Oka Matcha delivers results

Because the tea is delivered in a form of **powder**, not steeped, the plant is actually being eaten. You are consuming **100% of all the nutrient content**.*

Cleanse and Restore

The abundance of **chlorophyll** in Matcha, providing its jade green color, delivers **antioxidants**, to carry oxygen to your cells and **support your immune system**.*

Boost Metabolism

Contains high amounts of **catechins**, including **EGCG** and **Resveratrol**, a class of polyphenols that **protect your cells** while contributing to a **healthy metabolism**.*

Reduce Fatigue

Naturally occurring **caffeine** and **theophylline** in Matcha stimulates wakefulness and supports **long lasting mental clarity and energy**, making it a healthier alternative to typical energy drinks and coffee.*

Matcha Focus contains less naturally occurring **caffeine**.

Calms the Mind

Derived from **Camellia Sinesis**, one of the few plants naturally producing high levels of L-theanine, which has been shown to have a **calming effect on the brain waves** without causing drowsiness.*

Supports Weight Loss Goals

The **low glycemic index**, 2 grams of **hunger-calming dietary fiber**, along with the mere **20 calories per serving** can support you in your weight loss goals.*
