

Anti-Aging

Clear Thoughts™

#0960

This supplement provides several nutritional ingredients that promote memory and thinking power.

CognoBlend® Advanced Formula

#23728

The special nutrients and unique plant extracts included in CognoBlend Advanced Formula help neurons (brain cells) maintain healthy cellular energy production by promoting healthy mitochondrial function, scavenging free radicals,

DHEA

#12204

DHEA is an acronym for dehydroepiandrosterone, a hormone normally produced by the adrenal glands, but which diminishes as a person ages. DHEA is a precursor to male (androgens) and female (estrogens) steroid hormones.

Enjuvinate® (canister)

#20982

With unique anti-aging properties, Enjuvinate is a rich chocolate drink that supports lean muscle mass and enhances your feelings of vitality and well-being.

Liver Essentials™

#15880

This proprietary formula promotes the health of the liver, bile ducts, and spleen, provides antioxidant protection, and helps stabilize cell membranes.*

Melatonin

#24785

Sometimes, for one reason or another, the body does not produce adequate amounts of melatonin for its needs. The body's ability to synthesize melatonin may decrease with age, as children manufacture more melatonin than the elderly do.

Optimal Performance™

#0622

Several potent botanical and mineral nutrients help naturally boost your energy level and increase stamina, endurance, and alertness.

PhytoPath®

#14785

This supplement contains substantial amounts of some of the best antioxidant substances available. Grape seed and maritime bark extracts support the skin, eyes, and metabolic systems. Beta carotene helps protect cells.
